

## Mission to Nairobi

By the time you read this, thirteen people from the Midland-Penetanguishene area will be enroute to Nairobi visiting the Life4Kids home. Daily reports (with pictures) will be sent back. If you would like to receive those daily reports from Kenya, complete the form that was sent to you in an e-mail on October 30<sup>th</sup>.

## Early Academic Success

The youngest boy in Life4Kids graduated this week. He now goes into Grade 1. His graduation certificate notes that he is "intelligent." We are proud of his achievement. He is the boy in the middle of the photo.

## More Graduates Upcoming

Three of our boys are writing their final exams for the final level of primary school. They will be graduating to junior high school.

## Higher Education Success

We are happy to report that two of our boys now attend university. This marks a major step in their lives and is a proud moment for the entire Life4Kids family. Lawrence (shown in picture) is the most recent to attend university. Both boys have received scholarships.

## Support for Higher Education

We have two boys in university. While both have secured scholarships to cover most of their tuition costs, we continue to support them by providing for their meals, accommodation, and spending money. Would you consider sponsoring one of these boys for a year for \$2,060 per year?

## Economic Challenges

Kenya is experiencing economic difficulties and socio-political instability. With these ongoing challenges in Kenya and the world at large, Life4Kids must continue to seek support from sponsors and partners to be able to manage and maintain the quality of care and education for the children.

## What Your Financial Support Does

- Ensures that the boys have access to quality education, balanced meals, and healthcare.
- Funds special projects such as the new house, the new septic system, and the library/computer lab, which will significantly enhance our educational infrastructure.
- Provides continuous support during times of economic hardship, ensuring that our operations continue without disruptions.

## Gratitude from Executive Director Jane

Jane Wasike sends the following message from Kenya: *"On behalf of all the children and the staff, I would like to extend our deepest gratitude to our sponsors and partners. Your continued support is crucial to our success and words cannot fully express the depth of our gratitude for your kindness. Thank you for being a source of hope to our boys and a reminder that there is good in the world."*
